Why You'll Love It:

This is more than just a house—it's a one-of-a-kind home that has been meticulously refurbished over the past three years. The owners have thoughtfully updated every detail, from the high-end fixtures to the beautifully curated interiors.

As you enter through the private front gate, you're welcomed by a charming, colourful garden. Inside, the space immediately impresses, with the ground floor featuring open-plan reception rooms that flow seamlessly into each other. The décor blends greige walls with Tuscan beige natural marble tiles, creating a bright, airy atmosphere with subtle Mediterranean vibes. These rooms are perfect for both relaxing and entertaining, with distinct areas for formal dining, lounging, and family time, all illuminated by dimmable bauble chandeliers and enhanced by original period features. French doors lead out to the private garden, a tranquil space designed for summer entertaining.

At the rear of the ground floor, the kitchen is a showstopper. Fitted with sleek charcoal black cabinetry, a dual-fuel Range Master cooker, and high-end integrated appliances, it's designed for both style and function. The space is anchored by a large American fridge freezer, double Belfast sinks with an Italian brushed chrome mixer tap, and natural marble countertops. A central drop-leaf table offers flexibility for dining or meal prep, while built-in storage under the stairs provides ample space for all your essentials.

First Floor: Upstairs, you'll find two spacious double bedrooms, each thoughtfully designed with built-in wardrobe space. The principal bedroom faces the front, featuring traditional wardrobes to maximise floor space. The second bedroom overlooks the peaceful garden at the rear. The family bathroom is truly spa-like, with

floor-to-ceiling Arenaria beige polished porcelain tiles, his-and-hers sinks, a walk-in shower, and a luxurious oversized bath, all finished with high-end Saneux fixtures. A separate WC on this floor adds convenience for shared living.

Second Floor: The entire second floor is dedicated to the grand master bedroom and study. Bathed in natural light from a Velux window and a row of rear-facing windows, the space is an ideal retreat. The room also features a French metallic desk, perfect for a home office or creative studio, with peaceful garden views stretching as far as the eye can see.

The Area: Kemp Town is renowned for its lively and eclectic mix of shops, cafés, restaurants, and bars—all just a short stroll from your doorstep. The beach is a quick ten-minute walk away for sunny summer days or brisk winter walks. For nature lovers, Queen's Park offers tennis courts, relaxing green spaces, and a welcoming spot for dog walking, just five minutes away.
